BÖRGER®

EXCELLENCE - MADE TO LAST

BOERGER BOOTH #2018

Boerger designs, manufactures, and sells rotary lobe pumps, macerating technology, separation technology, and feeding technology to convey low to high viscous and abrasive media. Key applications can be found in wastewater applications including sludge (primary, WAS, RAS, digested, thickened, etc.), biosolids, grease, sewage, scum, lime slurry, alum sludge, permeate, polymers, etc. Boerger products are designed with maintenance-in-place, which allows for all wetted parts to be easily replaced through the front cover without the removal of pipe or drive systems.

CRANE

PUMPS & SYSTEMS

CRANE PUMPS & SYSTEMS BOOTH #2908

Crane Pumps & Systems designs and manufactures innovative pump solutions for the effective and efficient transportation of wastewater, and is focused on developing long-term customer relationships by providing exceptional service and responsiveness. Crane Pumps & Systems produces pumps under six historic brands: Barnes, Deming, Weinman, Burks, Crown, and Prosser, all built in our two factories in Piqua, Ohio. Our focus is on exceptional solids handling pumps in all areas of wastewater, which includes our Sithe Chopper series, Razor Grinder series, and envie3 Dry Run Submersible Solids Handling and Chopper series. Presented for the first time at WEFTEC 2023 are our E36 envie3 pumps—our largest yet! This new launch expands the product line to 12-inch discharge and 125 horsepower, and is available with a new sensing package, which includes temperature, vibration, and seal failure monitoring to give you peace of mind with your most important equipment.

ENVIRONMENT ONE CORPORATION
BOOTH #1617

Are you dealing with failing septic tanks? Is I&I from your existing sewer system eating up your budget? Do you have a sewer project with challenging terrain looming ahead? Get after it. ALL-TERRAIN SEWER™ low pressure systems from E/One give you the freedom to sewer anywhere. Environmentally sensitive, economically sensible™: ALL-TERRAIN SEWER low pressure systems are significantly more affordable than conventional gravity sewers, safer than septic systems, and they're a light touch on the land. Plus, ALL-TERRAIN SEWER low pressure systems carry a proven track record of reliability with the lowest life-cycle costs in the industry. Whether it's dead or dying septic tanks or expensive inflow and infiltration, E/One can help. WWW.EONE.COM

BLACOH™ **BLACOH FLUID CONTROL**
BOOTH #954

Blachoh offers engineered fluid control products manufactured to exacting standards in a wide variety of sizes, materials, and pressure ratings to suit virtually every application. Blacoh has been improving process system performance, reliability, safety, and productivity for over forty-five years, so find Blacoh products wherever fluid is being pumped. Blacoh products are made in the USA for a reason—nothing gets in the way of providing Blacoh products to customers. WWW.BLACOH.COM

CLA-VAL COMPANY
BOOTH #3302

Since 1936, Cla-Val has produced the world's highest quality automatic control valves for diverse industries. Cla-Val has strengthened operations and customer service by enhancing product lines and building state-of-the-art production facilities around the world. With major locations having dedicated training centers, the team provides exceptional industry expertise. Aggressive R&D programs have resulted in advanced electronic and hydraulic control systems that meet the challenges of complex and diverse applications. WWW.CLA-VAL.COM

GORMAN-RUPP PUMPS
BOOTH #1231

Gorman-Rupp sets the industry standard for packaged wastewater-handling pumping systems. Our ReliaSource® lift stations are 100 percent custom-engineered, manufactured, assembled, and tested by the experts at Gorman-Rupp. That means when you choose ReliaSource, you choose the ultimate in reliability, long-lasting operation, and value. We precision-match the pumps, motors, controls, valves, pipes, and accessories in every ReliaSource system for maximum compatibility and maximum performance—guaranteed. WWW.GRPUMPS.COM

KROHNE

▶ measure the facts

KROHNE is a world-leading manufacturer and supplier of solutions in industrial process instrumentation and offers supporting products and services for one-stop-shopping and in industries as widespread as oil and gas, water and wastewater, chemical and petrochemical, food and beverage, power, minerals and mining, and marine. With flow, level, temperature, and pressure measurement as well as process analytics, KROHNE offers the whole range of process measurement instruments. WWW.US.KROHNE.COM

GREASEZILLA BOOTH #4813

GreasezillaSM solves fats, oils, and grease (FOG) processing and disposal challenges for water recovery facilities, grease haulers, industrial food processors, and managed waste sites. Greasezilla's separation process repurposes the FOG waste stream into water and clean energy resources, including a low carbon intensity bio feedstock commodity. Without the need for polymers, flocculants, or chemical additives, Greasezilla helps operators meet sustainability goals and lowers costs associated with FOG treatment and disposal. MELTRIC A COMPANY OF MARECHAL ELECTRIC

MELTRIC BOOTH #8332

MELTRIC[®] Switch-Rated and UL-listed plugs and receptacles are the perfect solution for safe and reliable pump connections where watertightness is required. MELTRIC DS and DSN series are designed to make and break connections safely under full load, and they offer arc flash protection. MELTRIC Switch-Rated products are easy to use while providing users with safety, ensuring code compliance, and supporting operating cost benefits. With MELTRIC Switch-Rated plugs and receptacles, cumbersome changeout processes are streamlined, reducing downtime by up to 50 percent. Visit MELTRIC at WEFTEC or our website to learn more about our Switch-Rated products and how they can help you keep your pumps running safely and reliably.

HOMA PUMP TECHNOLOGY
BOOTH #643

HOMA stands behind every product with a generous warranty, extensive spare parts inventory, regional authorized service centers, factory engineers and technicians who are all dedicated to the support of the entire HOMA product line. Whether your application requires a residential grinder or effluent pump, or you are handling an industrial process stream or municipal wastewater, HOMA will engineer a pumping solution for you. **WWW.HOMAPUMP.COM**

Whether you're a seasoned veteran or just starting out in the industry,

WEFTEC is an essential gathering of water quality professionals and is the perfect way to gain a deeper understanding of the challenges and opportunities the water sector faces. Join the global water community in Chicago to explore the future of water quality, and discover new ways to create a more equitable, sustainable future

SIMFLO
BOOTH #4262

Lubbock, Texas-based SIMFLO has been a family-owned and privately held company since 1951 and the company continues to lead the innovation of pump technology that is critical to the communities, commercial enterprises, and agricultural areas that it serves. SIMFLO, one of the nation's top providers of industrial, municipal, and commercial-use pumps, will soon open its third U.S. location in Southaven, Mississippi, part of the greater Memphis region. The company also operates a facility in Willcox, Arizona and recently completed construction of a new state-of-the-art Engineered Products Facility in Lubbock, which is one of the largest and most advanced vertical turbine pump test facilities in North America. SIMFLO engineers, manufactures, sources, and delivers best-in-class pump products and technologies for major industrial users, including municipal water services, manufacturing, mining, chemicals, hydrocarbons, saltwater extraction, and agricultural applications. Stop by our SIMFLO Booth #4262 to learn how WE SEE WATER DIFFERENTLY™. **WWW.SIMFLO.COM**

SMITH & LOVELESS

BOOTH #3431

Smith & Loveless Inc.

Packaged Smith & Loveless EVERLAST™ Above-Ground Pump Stations offer the best choice for pump O&M, safety, longevity, and costs. Everything is above the wet well and inspection of the complete pump station can be accomplished in mere seconds, eliminating all of the confined space hassles and costs associated with pulling sewage-coated submersible pumps from the wet well and accessing confined space valve vaults. Pump clogs are virtually eliminated with the non-clog X-PELLER® wastewater pump impeller due to its unique monoport design that allows it to successfully pass problem flushables and 3-inch solids. QUICKSMART™ Touchscreen Controls offer the most operator-friendly pump experience with remote control and system maintenance reminders. We're taking a complete EVERLAST™ pump station to WEFTEC to show you the better way to pump. See the station and our unique non-clog demonstration at S&L Booth 3431. WWW.SMITHANDLOVELESS.COM

IWAKI

BOOTH #4757

Iwaki America Inc. is one of over twenty-five global centers for the manufacturing and support of Iwaki pumps. Our sixty-plus years of pump design engineering has made us a worldwide leader of the best chemical handling equipment used in OEM, industrial, chemical process, and semiconductor applications—providing innovative, efficient solutions to a vast range of fluid handling and dispensing challenges.

TSURUMI PUMP

BOOTH #8100

Tsurumi Pump is a world-renowned submersible pump manufacturer. The company supplies equipment for a variety of applications including wastewater treatment, mining, construction, water features, sewage bypass and more. Beyond leading pump technology, Tsurumi is recognized for its robust distribution network and one of the largest on-hand inventories in North America. At this year's WEFTEC, the company features the MY line from the Avant family of wastewater products. Avant is the ideal solution for municipal sewage and wastewater with wet and dry pit options and multiple impeller choices. Tsurumi's wastewater process equipment includes FM-approved mixers, dehydrators, aerators and bar screens. As a top exhibitor at the 2023 WEFTEC Exhibition, you can find out more about its Avant line of products by visiting Tsurumi's booth and asking for Chris Bristol.
